CAREER OBJECTIVE:

Motivated BCA student currently in the 4th semester with a strong interest in Data Science. Learning Python, data analysis, and machine learning tools while building practical projects to develop analytical and problem-solving skills. Seeking opportunities to apply data-driven thinking and grow in the field of data science.

EDUCATION:

- 10th Passed From U.P Board in 2022
- 12th Passed From U.P Board in 2024
- Diploma in Computer Application (DCA) From E-Max in 2024
- Pursuing Bachelor of Computer Applications From MJPRU University (2024 – 2027)

TECHNICAL SKILLS:

- Basic knowledge of C | Python | HTML | CSS |
- MS Office (Word, Excel, Powerpoint)
- Database: Mysql • Programming: Python (Basic to Intermediate) • Data Analysis: pandas, NumPy • Data Visualization: matplotlib, seaborn • Machine Learning: Linear Regression, Logistic Regression (basic) • Database: SQL (basic queries) • Tools: Jupyter Notebook, Excel, GitHub

PROJECTS:

SOFT SKILLS:

- Analytical Thinking
- Problem Solving
- Communication
- Continuous Learning

ADDITIONAL INFORMATION:

Languages: Hindi, English

Interests: Data Analysis, Technology Learning

DECLARATION:

I declare that the above information is true to the best of my knowledge.
